## **Image 4 Expands with New Showroom, Production Facilities**

(Manchester, NH) – Image 4, a nationally recognized visual marketing firm, is opening a new facility October 1, 2008 at 7 Perimeter Road in Manchester, NH. The new headquarters will feature the largest trade-show showroom north of Boston, featuring nearly 5,000 square feet of displays for trade shows, events, merchandising, POP and signage. The showroom will feature a special Green Display Design center.

The new showroom is more than triple the company's current site. In addition, production capacity has tripled, resulting in faster turnaround for more and larger projects.

The build-out of the new facility has been in line with Image 4's environmentally sustainable philosophy. Development has followed LEED-CI standards. LEED construction projects minimize environmental affects through re-use of existing facility materials, use of environmentally sustainable construction materials, and tight waste control during the project.

The new facility is easily reachable from Routes 3, 93 and 293 via Brown Ave. or South Willow St. and is minutes from the Manchester-Boston Regional Airport.

The move was brokered by Coldstream Real Estate in Bedford and funded by Hampshire First Bank.

### **About Image 4**

Image 4 is a nationally recognized, visual marketing and branding support organization. The company consults with clients to plan and execute programs for trade shows, retail chains and public facilities. As a vertically-integrated provider, they design and print, build, deliver and install, train on and service their entire line of products for customers across the United States and Canada.

Image 4 can handle "anything you can dream up," says company president Jeff Baker. "From P-O-P, to vehicles, to entire branded environments, we can 'tell your story.'"
